

## What is Safety Brite?

This heavy duty alkaline pressure wash detergent contains special penetrating, chelating, wetting, grease cutting, and rinsing agents, which quickly penetrate soils and remove them. Safety Brite easily removes exhaust deposits, road film, dirt and most salt residue from painted vehicle surfaces. Great for heavy machinery and on-site cleaning of soiled concrete.

### BENEFITS:

- Quick penetration of oils, grease and dirt
- High foaming and economical.
- Contains protectants to prevent corrosion to metals.
- Contains sequestering and chelating agents to scale buildup.
- Safe for use on non painted surfaces.

### DIRECTIONS FOR USE:

Before using, make sure that the desired surface is cool to prevent early evaporation. Read SDS and test in a small inconspicuous area. Recommended dilutions are 50-100:1.

Consult your local McHenry PCS Representative for specific use instructions. Make sure to use proper protective clothing when applying this or any chemical.

### AVAILABLE PACKAGES:

- 1086-5: 5 gallon plastic pail
- 1086-55: 55 gallon plastic drum
- 1086 bulk: bulk tank program

### RECOMMENDED USES:

- Heavy Duty Equipment
- Refuse Vehicles
- Cleaning Soiled Concrete Surfaces

### ADDITIONAL INSTRUCTIONS:

- Always predilute product before applying
- May cause streaking if not used properly
- ⊘ Do not allow to dry on surfaces
- ⊘ Do not use in hot sun
- ⊘ Do not use on unprotected polished aluminum

### TECH SPECS:

Color	Red
Fragrance	Odorless
Form	Liquid
pH	13.5-14
Specific Gravity	1.04
Biodegradable	100%
Shelf Life	1 Year
