

What is TAGINATOR?

TAGINATOR is a sprayable liquid that quickly dissolves graffiti by soaking through it into masonry surfaces. It also has a pleasant fresh and clean scent. The deep rinse additive allows graffiti to be easily pressure rinsed out of masonry pores.

BENEFITS:

- Removes multi-layered and painted over graffiti
- Works in all climates (hot/cold) and surfaces (wet/dry)
- Makes barrier coatings obsolete

DIRECTIONS FOR USE:

1. Spray TAGINATOR onto graffiti using the TAGSPRAYER.
2. Let soak into masonry for up to 30 minutes.
3. High pressure rinse away.

TAGSPRAYER - 2 Gallon Compression Sprayer

TAGINATOR requires an applicator that can withstand the chemical combinations it contains. Nearly all pump-up sprayers are made using rubber parts and hoses which will break down or completely disintegrate with TAGINATOR.

WORKS ON:

- Brick
- Cinder Block
- Slate
- Marble
- Granite
- Stucco
- Terra Cotta
- and more!

PREFERRED BY:

- Public Works
- Housing Authority
- Parks/Forestry
- Highways & Mass Transit
- School Systems

What is TAGAWAY?

TAGAWAY can help remove markings on your smooth or painted surfaces from spray paints, lacquers, permanent markers, ink and adhesives. This product will work on hot and freezing temperatures without damage to the surface.

BENEFITS:

- Biodegradable graffiti remover
- Works on painted and smooth surfaces

DIRECTIONS FOR USE:

1. Spray TAGAWAY onto the graffiti.
2. Let soak for 10-15 seconds. Soak time will vary according to the type of graffiti and the surface it is on.
3. Wipe away graffiti with towel.

PREFERRED BY:

- Public Works
- Housing Authorities
- Parks/Forestry
- Highway Authorities
- Mass Transit Authorities
- School Districts
- Municipalities
- Trucking Companies
- Military Bases
