

## What is Salt Guard XT?

A concentrated liquid for the removal of salt and inhibition of corrosion to a wide variety of metals, especially iron. Salt Guard XT will leave behind a temporary barrier to fight the effects of salt on metals, prolonging the quality of vehicles and salting equipment. This product is safe for use on a variety of surfaces including: aluminum, chrome, gel coats, glass, iron, paint, plastic, rubber, and stainless steel. After application, no rinsing is necessary.

### BENEFITS:

- Prolongs the quality of metals and vehicles.
- Specially formulated for heavy duty equipment and salt applicators.
- Will help prevent the formation of rust.
- Reduces the maintenance costs for vehicles and equipment.
- Highly concentrated allows for multiple applications.

### DIRECTIONS FOR USE:

Before using, make sure that the desired surface is cool to prevent early evaporation. Read SDS and test in a small inconspicuous area.

Clean vehicles and surfaces before application. Dilute Salt Guard XT with up to 20 parts water. Stronger Solutions will provide better results. Apply solution with a low or high pressure applicator. Use warm water if possible. Allow surfaces to dry.

### SPECIAL NOTE:

Rinse surfaces then apply Salt Guard XT. Do not rinse after application. Regular application of Salt Guard XT will provide optimal results.

### TECH SPECS:

Color	Blue
Fragrance	Odorless
Form	Liquid
Phosphates	None
Flashpoint	N/A
pH	8
Specific Gravity	1.01
Biodegradable	100%
Foam	Low
Shelf Life	1 Year

### AVAILABLE PACKAGES:

- 2210-5: 5 gallon plastic pail
- 2210-55: 55 gallon plastic drum
- 2210 bulk: bulk tank program
